January 12, 2017

Dear Parents or Guardians:

It is hard to believe that we are nearing the halfway mark of the school year as we prepare our students for final exams. We continue to strive to meet the individual needs of our students in very personalized ways, and we will continue to do so through the use of Focused Learning Time Tutorial Days. Our regularly scheduled classes will continue through Friday, January 13th. Starting on Monday, January 16th through the following Thursday, January 19th we will hold Focused Learning Time Tutorials. On these days students may choose to get support from their teachers in any of the subject areas that feel that they may need help in. Students may also use this time to complete projects, assignments, quizzes, and hand in items that they may have missed. Teachers may require that all of their students attend specific sessions for review and some may require individual students who are at risk of failing or have missing assignments to attend. It is our expectation that the teachers communicate this information to both students and parents to ensure that everyone has a clear understanding of what is desired.

For Monday, January 16th through the following Thursday, January 19th we will be running a four-block daily schedule as a way of organizing our day. Our Exam Schedule will begin on Friday, January 20th through to Monday, January 30th with the first day of the Second Semester starting Tuesday, January 31st. These schedules are available on our website.

If you require any further information feel free to contact your child's teachers or our office.

Sincerely,

Jordan Fenton

Mr. J. Fenton
Principal

Mr. B. Legault
Assistant Principal

Ms. Lisa Schultz
Assistant Principal
