

PowerSchool Parent Portal

PowerSchool Parent Portal gives parents and students access to real-time information, including attendance, grades and detailed assignment descriptions. Everyone stays connected: Students stay on top of assignments, parents are able to participate more fully in their student's progress, and teachers can use their gradebook to make decisions on what information they want to share with parents and students. **The school engage tab in PS is also where parents are required to register for bussing.**

Once your account is created, you can manage your account information, link any and all students to your account (for whom you have parental and legal rights to), and set email and notification preferences for each student linked to your account.

PowerSchool App – once you have created an account you can also download the PowerSchool App to your mobile device. You can manage your account to notify you as soon as your child has been marked absent from a class. (Please note – if you've called your child in absent for the day, the absences are not always entered until 4:00 pm so you may receive notification even though you contacted the school earlier in the day. These absences will be excused by 4:00 pm, no need to contact the school again.)

Link to PowerSchool - <https://ps.rockyview.ab.ca/public>

Login/Passwords/How to create an account – this info was sent home with students in Connections Block on the first day of classes. Contact the school if you require another copy. **How to create accounts, add students, recover passwords etc. is also available on Rocky View Schools website under families/PowerSchool.**

APP – If you are downloading the app the District Code is – QMCD
